The Valencia Late orange

The Valencia Late is an old Portuguese cultivar, fairly vigorous with assurgent habit and compact foliage. The leaves are elliptic, medium sized with a small-winged stem. The white, very fragrant flowers grow abundantly in spring months. The fruit is round and pale orange with juicy, bittersweet flesh and few seeds, and remains on the tree until late spring.

Category: Citrus
Families: Rutaceae
Genus: Citrus
Species: sinensis "Valentia Late"
Geographical Area of Origin: Mediterranean Europe
Climatic Zones: Sub-tropical, USDA 10 b (Southern Italy and islands)
Habit: Tree
Leaves: Evergreen
Colore Foglie: Verde
Flowering Period: Aprile / Maggio / Giugno
Flower: Simple flower
Colore Fiori: Bianco
Favorite soil: Sub-acid / medium acid / Middle-Dough / Medium soil
Water needs: Medium
Light Exposure: Medium shade / Half shade / Full light / Full sun
Form: Fitocella / Column
Fruiting Period: Gennaio / Febbraio / Marzo / Ottobre / Novembre / Dicembre
Colore Frutti: Arancione
Parfumed: yes
